

August 10, 2020

Dear Residents and Family,

We continue to have zero residents who have tested positive for COVID-19. I was notified last week that a medical professional who provides services to some residents on Brewster campus tested positive.

We worked with local and state authorities through our standard process. We tested 4 residents between the Brewster Health Center and Assisted Living. Results of the tests have returned and all 4 are negative for COVID-19.

Brewster Health Center and Assisted Living remain in the “yellow phase” for COVID-19 related protocols. Please visit our website to view the “Brewster Health Center and Assisted Living Tiered Reopening Plan dated 7.13.2020 for details on the yellow phase.

As a reminder, visitors are welcome at Brewster. You are responsible for your guests; please assure they are familiar with the rules of campus. All visitors must check in at a screening point and must wear a face covering at all times. Please feel free to contact me directly if you have any questions. Thank you!

Joe Ewert
President and CEO
