

October 21, 2020

Dear Residents and Family,

We conducted a second and third round of testing in Brewster Health Center on Thursday, October 15 and Monday, October 19. Four residents have been identified as positive for COVID-19 from these rounds of testing. Please visit our website to view our Case Scorecard for a listing of active cases by resident and staff, total running number of cases since March, and deaths related to COVID-19.

All BHC residents and staff will be tested again this Friday, October 23.

- **Brewster Health Center** operations will continue in the Red Phase.
- **Assisted Living** will remain in the Yellow Phase.
- **Independent Living** is not impacted by these results.

I will provide further information as it is available. Thank you.

Joe Ewert
President and CEO
