

THOSE WE SERVE ARE THE REASON WE EXIST

THE BREWSTER PLACE STORY — PART 4

BY JANIS SWANSON, EDITOR

In the late 1950s, Frances Engler's elderly aunt was encountering a few difficulties living on her own. After a fall on her back porch, Auntie Engler was hospitalized for a short stay and then returned home. Frances and her husband Roy would help Auntie with grocery shopping and other errands, but Auntie did not want to be a burden to them. The Englers feared that Auntie wouldn't call them when she needed help, so they looked for other living options. At that time the only suitable home in Topeka for seniors was the Methodist Home for the Aged — which was full and had no place for their dear aunt. The Englers wondered why other churches in Topeka hadn't built homes for seniors. One day, Roy Engler said to his wife, "Why don't we offer our church ten acres of our farm for a building site. Maybe we could start something." The Englers did indeed start something.

Ralph Waldo Emerson wrote, "Do not follow where the path may lead. Go instead where there is no path and leave a trail." The Englers, along with the founders of Brewster Place, embodied this quote perfectly. In previous issues of the Brewster News, we have highlighted the challenges the founders faced, the roadmap they created to build such a home, and the incredible early volunteers and staff members who made the dream a reality. But what is a beautiful new home without residents? This month we will look at how the first residents made Brewster Place their home.

When Executive Director Nathan Barr arrived in Topeka in 1961 to begin the hard work of building Brewster Place, he immediately began learning about Topeka and meeting with the various groups from the four Congregational churches. He attended picnics, chili suppers and social gatherings. These meetings became known as "Buzz and Chatter" groups and served as the way to publicize the vision

MISSION

Brewster Place is a retirement community providing all of its residents opportunities for an optimal quality of life.

BREWSTER FOUNDATION | 2024 SPRING APPEAL

During this 60th anniversary year, we have been highlighting the history of Brewster Place. Our founders had an idea and a dream to build a community that would meet the needs of seniors in our community. The vision of the pastors and lay leaders of our four founding churches, and the years of planning, fundraising and hard work that followed, allowed Brewster Place to open its doors in 1964. As a faith-based, not-for-profit, mission-driven organization, Brewster Place adheres to a set of core values that sets us apart from other communities.

Through the years we've experienced sunshine and clouds as well as changes to our landscape, but those who followed in the footsteps of our founders, share the same commitment to the mission of Brewster Place — providing all of our residents opportunities for an optimal quality of life. How wonderful it is that we have such a rich history to look to and lean on for inspiration and guidance. Brewster Place residents, their family members, and the greater community have also been able to depend on **The Congregational Home Foundation's** unwavering commitment to the Brewster Place mission. **The mission of the Brewster Foundation is to "raise funds in support of Brewster and its endowment."**

It is springtime, a time of new beginnings and hope. As we celebrate our 60th anniversary and the completion of the Redwood renovation — our foundational building — we hope you will consider a gift to the Brewster Foundation in support of our shared Brewster family. There are many options for giving to the Brewster Foundation that support both residents and staff. For example, a donation to the **Benevolent Care**

Fund enables residents to remain at Brewster Place when their financial resources are depleted. Donation opportunities are available to support staff as well. Through the **Employee Assistance and Support Fund**, emergency loans and grants are available to help staff avoid high interest credit cards and predatory loans when they need financial assistance.

Your gifts to the **Chaplaincy Fund** help to support Vespers services, group and individual chaplaincy work, plus numerous regularly scheduled programs and support materials. In addition, the Foundation's **Unrestricted Fund** continues to address our greatest needs, funding the highest priority projects and initiatives throughout the campus.

Our strength is derived from the generosity and support of you, the donor. You remain the key to our success. Please consider a gift to the Brewster Foundation to support our ongoing work to fulfill our mission to you and to those who will follow. Thank you!

If you would like to make a gift to the Brewster Foundation, please use the form included in this issue and return to Melissa Reynolds, Chief Financial Officer, at Redwood. If you have any questions, please call Melissa at 785-274-3381 or email her at: melissar@brewsterliving.org. ■

*All gifts, large and small,
are greatly appreciated.
Thank you!*

GOD'S PROMISES ARE TRUE

BY CHAPLAIN JULIE FREEMAN, M.DIV

We made it! Spring is here. Cooler weather is making way for sunshine and rain. Flowers are beginning to bloom. Trees and grass are greening up again. New life is springing forth all around us. Our faith has carried us through the dark days of winter and light has broken through. We are reminded that God's promises of love and grace are true. So as a good friend used to say, "stick your face in the sun," listen to the birds chirping and remember that you are not alone.

New faces, new places and still home sweet home! The renovation of the Redwood building is nearly complete and that means our new residents are moving in. Sixteen of the 23 new apartments become homes over the next couple of months.

While Redwood is being refitted, refurbished, and redesigned with the feeling of home, friendship and neighborhood remains the most spectacular feature of the flagship building. The newly renovated apartments offer full kitchens, and ensuite laundry with a variety of floor plans on the first, fifth and new sixth floor.

The second, third and fourth floors are also being updated and renovated. By the end of spring, the Catered Living apartment floors that include full meal plans and laundry service will also take on a fabulous new look.

Jason's office is located at The Evergreens. His phone number is 785-274-3317.

We want to extend a warm welcome to our new Creative Arts Coordinator, Jason Berryman. Jason began work at Brewster Place at the end of March.

Jason brings a wealth of experience and knowledge to the Resident Services Team. He holds a bachelor of fine arts degree from Washburn University and taught art at Topeka West High School for 27 years.

In his teaching career, Jason taught a variety of classes including design, art history and photography. While not having any sewing experience, Jason is excited to learn from our sewers and quilters.

Jason has taught all age groups and all skill levels and commented that he has, "a knack for taking complicated ideas and techniques and making them simple."

Brewster Place has a long history of nurturing the creative side of our residents, and we look forward to the new classes and programs Jason will provide.

Please join us on Tuesday, April 2 to welcome Jason and share your ideas about the art program at Brewster Place. ■

THANK YOU!

To all of my friends at Brewster Place,

Thank you all so much for bringing me into the Brewster family over these last two years. From step-by-step paintings, to tea towels, to quilts and Bazaars, I've loved all the laughter we've shared. Creating with you has brought so much joy into my life. You all will always hold a special place in my heart, and I am forever grateful that you all were put in my path. My life is richer for being in this place with you, and I will miss seeing you every day.

Please keep creating! Painting, sewing, gardening, decorating, anything! Whichever way you make things, make them! What you create makes the world brighter. Thank you sharing your joy and time with me. Happy creating!

1:00—3:00 pm | Cultural Arts Center

Three of the most enduring musicals from Broadway's Golden Era — Brigadoon (1947), My Fair Lady (1956) and Camelot (1960) — were created by the team of writer Alan Jay Lerner and composer Frederick Loewe. This class will explore this memorable collaboration with emphasis on these three shows, as well as Lerner and Loewe's other notable projects, including the film Gigi (1958). Their work earned Academy Awards, Tony Awards, Golden Globes and Kennedy Center Honors.

Young Generals of the American Civil War

Tuesdays, July 16, 23 and 30

During the American Civil War, the United States Army grew exponentially in size. In order to command the increased number of troops, general officers were created from younger members of the military. This class will focus on the generation of young leaders who served in the ranks of the Union Army attaining senior military positions outside the traditional norm. The class will look at the careers and war making abilities of officers in both the Western and Eastern Theaters. The first class will examine the military exploits of Western Theater generals William T. Sherman, Benjamin Grierson, Judson Kilpatrick, and John Schofield. The second class will move to the Eastern Theater and focus on Union generals Winfield Hancock, John Gibbon, George McClellan, Alfred Pleasonton, and Joshua Chamberlain. The last class will examine the Civil War careers of three of the youngest Union generals that attained senior rank, George Custer, Philip Sheridan, and Darius Couch. ■

and hopefully recruit residents. At first it was a hard sell since there were no drawings or plans to show prospective residents. But once plans for the apartments, together with an artist's sketch of the building were available, the interest in the home grew. In fact, a small efficiency apartment was set up in the basement of Central Church by the Publicity Committee. This allowed future residents the opportunity to see how a small space could provide everything they needed with the added safety and security of living in a senior community.

Applicants had to be 62 years of age or older and were required to make an initial Accommodation Fee, which depending on the size and location of the apartment, ranged from \$7,750 to \$23,900. Apartments that were larger, facing west or on higher floors were deemed more desirable so were more expensive. By November 1961 Mr. Barr had 20 approved applications (the majority from Congregational churches) — even before there was assurance the home would be built.

Interestingly, in the beginning applications were reviewed by the Admissions Committee who would recommend to the Board of Directors its acceptance for rejection. It didn't take long to realize this process was too complicated and took too long. Amazingly, after five years of planning it only took a little over a year to complete the main building. The first residents to arrive were **Mr. Lester Filson and Mrs. Darlene Newby** who both moved in on **April 10, 1964**, five weeks before the dedication of the building, and before all walks, drives and sidewalks were in place. By the end of April, 29 people lived at Brewster Place. ■
